FLOATING WORLDS:

BY VIRGINIA MAITLAND

September 22 – November 17, 2006

Floating Worlds presents a glimpse into Virginia Maitland's vibrant yet ethereal style. Her masterful marriage of color and form has been influenced by the enduring tradition of abstract expressionists and color field painters as well as the haunting yet bold beauty of Colorado and the West. Recent works integrate photographs from her visits to New York City into expressive and more representational statements on memory, time and place. This exhibition offers the juxtaposition of early and recent work to give the viewer a peek into her evolving style. Maitland lives and paints in Boulder.
